**Thursday, June 25, 2020 | 10:00-11:00am**

**Monday, June 29, 2020 | 10:00-11:00am**

VIA GOOGLE HANGOUTS

---

## WEBINAR DESCRIPTION

The PERK Tracking System tracks the status and location of PERKs in the Commonwealth of Virginia. This Webinar will train law enforcement to use the Department of Forensic Science's (DFS) PERK Tracking System to log actions performed on PERKs, such as:

- Receiving a PERK from a collection site;
- Transferring a PERK to DFS for analysis;
- Generating a PIN to grant a victim/survivor access to the System for information about their kit; and
- Designating a statutory reason for not submitting a kit to DFS for analysis.

## WHO SHOULD ATTEND THE TRAINING?

Any individual from a law enforcement agency who currently handles PERKs and will be logging information about the location and status of PERKs in the Tracking System should participate in this training. Individuals from agencies who have not yet completed training must do so in order to access the System.

A list of law enforcement agencies that have received the training or are scheduled to complete the training can be found [here](#).

## HOW DO I REGISTER?

To register, or if you have questions, please contact PERK Tracking System Coordinator Madison Boden at [perktracking@dfs.virginia.gov](mailto:perktracking@dfs.virginia.gov).
